

REMARKS

A Notice of Allowance was mailed in the present application on January 15, 2009. Applicant thanks the Examiner for kindly allowing the present application. Claim 8 is amended herein. Claims 1-7 are not amended and remain in the application.

Claim 8 has been amended to provide proper antecedent basis for all the features recited therein. Claim 8 depends from claim 1, which recites "a portable reading device having an impression surface..." in line 6. Claim 8, which was added in the Amendment filed on October 21, 2008, was intended to refer to the impression surface of the portable reading device, as recited in claim 1. However, in line 4 of claim 8, the article "the" was inadvertently not recited between the terms "impressed into" and the terms "impression surface of the portable reading device."

To provide proper antecedent basis for all the recited features of claim 8, claim 8 is amended herein to recite "impressed into the impression surface of the portable reading device. The amendment to claim 8 is non-substantive in nature and does not affect the scope of protection of claim 8. Since the scope of the claims has not been changed, the claimed invention remains patentable.

Applicant respectfully submits that entry of the amendment to claim 8 will not require substantial effort on the part of Office personnel. Therefore, Applicant respectfully requests entry of the amendment to claim 8 to ensure proper protection of the claimed invention.

Respectfully submitted,

BUCHANAN INGERSOLL & ROONEY PC
